

Hospice NZ Fundamentals of Palliative Care Workshop Series

IMPORTANT UPDATE

The FOPC programme is changing to a blended learning programme of online and face-to-face activities. People who have commenced the programme under the former system will have a final opportunity to complete any remaining modules before we transfer to the new system. We strongly recommend that you take this opportunity to complete the programme.

Note: while you may be able to complete your programme under the new blended learning system, this is likely to involve the repetition of some modules that you have already completed as the new programme is different.

Please register for each module you wish to complete.

Registrations are welcome from people who wish to complete the full programme now but there will be no further opportunity to complete any missed modules
